In regard to the Cumberland Coal Compa whose stock ran up this afternoon five per cent, we learn that Brown Brothers & Co. and others have agreed to advance money to pay off its ennded debt, making the necessary loan for fficen years at six per cent interest, without the usual commissions or other charges. They have also leased the company, to be used as a working capital, 2140,000 for five years, at the same rate of interest, secured by a second mortgage.

The bill introduced in the United States Senate on Tuesday by Senator Lane, of Kansas, making gambling in gold, as it is carried on in the vicinity Wall street, a misdemeanor, seems to have had no effect upon prices. The evil which the resolu tion aims to rectify would not be abolished even if it should become a law. The regular exchange would probably be broken up, and the three days se sales' would no longer be made; but other wise the transactions would be carrried on in the same manner as now. Mr. Lane evidently has weald never have attempted to break down so formidable an organization as the gamblers in gold have perfected by so weak a weapon as his esolution would prove. If the law passes Congress, the transactions will take place almost enbrely along the curbstones, by brokers whose of-Ices are in the crowns of their bats or in their overcoat pockets, and the deliveries would be made at some designated headquarters in the vicinity. By this means gambling would be carried on to a much greater extent than it is at present, as the same parcel of gold could be sold and resold a Sezen times during a single day, while at present

CITY COMMERCIAL REPORT.

WEDNESDAY, Dec. 16-6 P. M. Assess continued quiet but firm, in view of the small

365 sacks corn meal, 1,845 bushels corn, and 76,081 do. cats. The flour market was depreced and common brands of Western were 5c. off, notwithstanding very light receipts and a slight improvement in the gold and exchange markets. The demand was moderate, most of the unlimited shipping orders having been filled, and the ruling currency being too high to admit of bazard pur-chases for export. Trade brands showed no decided change, but were comparatively quiet. The sales of the day foot up 10,000 bbls., the market cleeing dull. Southern flour met with a fair inquiry, without quotable change in prices. Sales 1,000 bbls. Canadian flour was duil, and the common kinds in favor of the buyer. Sales 500 bbls. Corn meal was in moderate request at very full prices; 200 bbls. changed hands at \$5 70 a \$5 75 for Jersey, \$6 10 for Brandywine, and \$5 15 for caloric. Rye flour was quiet. We quote.—

clearly in favor of the buyer—some lots having been picked up at prices which indicate a slight decline. There have been no receipts this week, but this operation of speculators was not sufficiently potent to keep prices up, with the advantage of a decline in ocean freights thrown in. The fact is prices are too high to admit of exports, while the local milliers are tolerably well supplied, so that in order to effect large sales a decline would have to be submitted to. Sales 110,000 bannels, part on speculation, at \$1 43 a \$1 47 for apring Chicago, \$1 44 a \$1 48 for Millwaukee club, \$1 49 a \$1.50 for amber Missaukee. \$1 52 a \$1.57 for winter red Western, \$1 88 a \$1.62 for amber Michigan, and \$1 82 a \$1.83\tag{c}, for white Western. Sales 8,000 bushels, at \$1.43 a \$1.46 for State and \$1.40 for Canada East. 1,500 bushels State malt sold at \$1.60 a \$1.61. Oats were in favor of the buyer at the close.
